Ship Name: Ship Configuration/Class: <u>Tactical</u>

Q*Drive: Q*Reserves: Shield:
Present: Expended: Present:

SPD: Maneuverability: Hull:
Present: Present: Present:

Crew: Computer Class: <u>Primary Systems</u>
Minimum: Present: Command
Present: Helm
                                                                     Communication
Life Support: Last Overhaul: Drive
Expended: Sensors/Scanners
                                                                     Weapons
<u>Weapon Systems</u>   Power/Fuel
                                                                     Life Support
Primary: Secondary: Tactical
                                                                     Shield Emitters
Tertiary: Ammo:
                                                                     <u>Secondary Systems</u>
<u>Other Systems</u>   Auxiliary
                                                                     Cargo
                                                                     Emergency Power
                                                                     Lab
                                                                     Sickbay
                                                                     Crew Quarters
                                                                     Shuttlebay
<u>Notes</u>   Ops/Science
                                                                     Escape Pods
                                                                     Other Systems
